Re: Well No. Vanover #3
Sec. 19, T. 21 S, R. 24 E,
Grand County, Utah

Gentlemen:

Insofar as this office is concerned, approval to drill the above referred to well is hereby granted in accordance with the Order issued in Cause No. 102-5. However, said approval shall be conditional upon both the #1 and #3 wells in Section 19, not being completed as gas wells in the same stratigraphic interval.

Should you determine that it will be necessary to plug and abandon this well, you are hereby requested to immediately notify the following:

PATRICK L. DRISCOLL - Chief Petroleum Engineer
HOME: 582-7247
OFFICE: 533-5771

Enclosed please find Form OGC-8-X, which is to be completed whether or not water sands (aquifers) are encountered during drilling.

Further, it is requested that this Division be notified within 24 hours after drilling operations commence, and that the drilling contractor and rig number be identified.

The API number assigned to this well is 43-019-30400.

Very truly yours,

DIVISION OF OIL, GAS, AND MINING

Gentlemen:

Our records indicate that you have not filed a Monthly Report of Operations for the months indicated above on the subject well.

Rule C-22, General Rules and Regulations and Rules of Practice and Procedure, requires that said reports be filed on or before the sixteenth (16) day of the succeeding month. This report may be filed on Form OGC-1b, (U.S. Geological Survey Form 9-331) "Sundry Notices and Reports on Wells", or on company forms containing substantially the same information. We are enclosing forms for your convenience.

Your prompt attention to the above will be greatly appreciated.

Very truly yours,

DIVISION OF OIL, GAS, AND MINING

SECOND NOTICE

Gentlemen:

According to a Plugging Notice dated September 14, 1979, the above mentioned well was plugged.

Rule C-5 of the "General Rules and Regulations and Rules of Practice and Procedure" states: "Within ninety (90) days after the suspension of operations on, abandonment of, or the completion of any well drilled for the production of oil and/or gas, and within ninety (90) days after the completion of any further operations on the well, if such operations involved drilling deeper or drilling or redrilling any formation, a well log shall be filed with the Commission on a form prescribed by the Commission, together with a copy of the electric and radioactivity logs, if run.

This office has not received the Well Completion Log that is required. Please complete the enclosed forms and forward them to this office as soon as possible.

Your prompt attention to the above will be greatly appreciated.

Very Truly yours,

Dear Mr. Mezo:

The information that this office has received on the above referred to well is incomplete. This office has not received a properly completed "Well Completion Report and Log" although several attempts have been made to secure the same. We are enclosing the forms necessary to bring you into compliance with the Rules and Procedures for drilling and operating a well in the State of Utah.

****You are in violation of Rule C-4 and C-5. If you wish to continue developing business in the State of Utah, compliance with pertinent rules and regulations is essential. Further delay in your attention to the above matter may result in punitive action. Please submit the required information as stated above within fifteen (15) days.**

Thank you for your prompt attention to this matter.

2nd NOTICE

RE: J.D.M. Vanover #3
API #43-019-30400
Sec. 19 T. 21S, R. 24E.
Grand County, Utah

Dear Mr. Kucell:

After several attempts to resolve the problems with this well via telephone conversation, our office finds it necessary to send out this second notice regarding the above referred to well.

Mr. J.D. Mezo sent a letter to this office indicating he had sold this well to you, however, we have not received official confirmation of this. This requirement may be satisfied by completing an OGC-1b form stating that you are the operator of record on this well and remitting it to this office.

We have also received an incomplete OGC-3 "Well Completion or Recompletion Report and Log for the above mentioned well, a copy of which is enclosed. This office considers this as a sundry of a plugback rather than a completion report. We have, therefore enclosed an OGC-3 form to be completed with all information filled in properly.

In your conversation of February 28, 1984, you indicated that you were considering plugging and abandoning this well. It is mandatory that if this decision is made you notify Ronald J. Firth, Associate Director, immediately and obtain a proper plugging procedure for this well. It is then necessary that you file an intent to abandon and when the plugging procedure is complete to file a subsequent report of abandonment.

****You are in violation of Rule C-4 and C-5. If you wish to continue developing business in the State of Utah, compliance with pertinent rules and regulations is essential. Further delay in your attention to the above matter may result in punitive action. Please submit the required information as stated above within fifteen (15) days.**

Thank you for your prompt attention to this matter.

Respectfully.

RE: JDM VANOVER 3 API # 43-019 30400

Dear Mr. Stout:

In regards to your letter of April 5, 1984, I am not the operator of this well.

I have discussed this matter with Mr. Mezo and he has indicated to me that he is the owner of this particular lease and that he has the bond on it. In my telephone conversation with Dianne Nielson, I indicated that I had had a discussion with Mr. Mezo and we had considered a joint venture in either completing or plugging of said well. I am still willing to do that. Mr. Mezo indicated that he had also contacted the Salt Lake office regarding this.

I am of the opinion that this problem will be corrected in the near future. I have money invested in this well and would like to either develop it or get it off the books.

Respectfully,

Donald T. Kucel
